| Child Connect for Family Success | Ages and Stages On-line Questionnaire Administration: Great Start & Child Connect have formed a partnership for the ASQ-3 Pilot Program! We are partnering with ten additional agencies to bring an opportunity to children & families for the first time in Livingston County! ASQ-3 is an acronym for Ages and Stages Questionnaire - Third Edition. Screening tool that parents, teachers, caregivers and others can use to look at a child's development over time. Valid and reliable tool. With ASQ online it allows the partners to look at all the screening information they entered to better plan the educational opportunities they provide based on the data indicating areas of need. It also gives parents a detailed description of what skills their child is successful at completing and what skills their child is working on | Linda Herbert childcareL@aol.com 517-548-9112 | 2710 E.
