DESCRIPTION:

September 15: Working Together to Develop Early Literacy Skills (Infant/Toddler)

While infants and toddlers aren't ready to read just yet, parents and caregivers can learn and practice ways to help children develop a strong foundation for important literacy skills. Participants will learn about the importance of reading on grade level by 3rd grade, learn and understand the components of early literacy such as experimental writing, communicating, vocabulary, and reading and rhyme with infants and toddlers, learn to detect the signs of early literacy difficulties and receive resources to support early literacy development.

Extension Extras for Parents is a collection of free online parenting workshops that provides guidance for parents of young children as they navigate the joys, challenges and concerns of parenting. Participants will receive a certificate of attendance.

HOW TO REGISTER:

Register in advance for any of the Extension Extras webinar workshops at the following link:
